## What Are the Key Risks?

The value of shares in the Fund and income received from it can go down as well as up and investors may not get back the full amount invested. Performance may also be affected by currency fluctuations. Currency fluctuations may affect the value of overseas investments. The Fund invests mainly in equity securities of companies located in or doing significant business in the U.S. Such securities have historically been subject to significant price movements that may occur suddenly due to market or company-specific factors. As a result, the performance of the Fund can fluctuate significantly over relatively short time periods. Other significant risks include: securities lending risk. For full details of all of the risks applicable to this Fund, please refer to the "Risk Considerations" section of the Fund in the current prospectus of Franklin Templeton Investment Funds.

**Performance:** Performance details provided are in the share class currency, based on NAV-NAV and include reinvested dividends. Performances of different share classes will vary. Please refer to the Fund Manager for more information.

References to indices are made for comparative purposes only and are provided to represent the investment environment existing during the time periods shown. When performance for either the portfolio or its benchmark has been converted, different foreign exchange closing rates may be used between the portfolio and its benchmark.

**Important Information (continued)**

**Charges:** The charges are the fees the fund charges to investors to cover the costs of running the Fund. Additional costs, including transaction fees, will also be incurred. These costs are paid out by the Fund, which will impact on the overall return of the Fund. Fund charges will be incurred in multiple currencies, meaning that payments may increase or decrease as a result of currency exchange fluctuations.

**Fund Management:** CFA® and Chartered Financial Analyst® are trademarks owned by CFA Institute.

**Benchmark performance:** Benchmarks are used for comparison purposes. The Russell 3000 Growth index is considered to be the main benchmark of the sub-fund as it is made up of growth stocks, which corresponds to the emphasis placed by the manager in the management of the sub-fund. The S&P 500 Index can also be provided as it is considered to be an indicator of the US equity market. Although the manager is not subject to any constraints in the active management of the sub-fund and may invest in companies not included in the benchmarks, the performance of the sub-fund may, from time to time, show close similarities with these benchmarks.

**After Sales Charge\*:** Calculated based on initial sales charge of 5%; or 0% for Money Market Funds.

**Top Ten Holdings:** These securities do not represent all of the securities purchased, sold or recommended and readers should not assume that investment in the securities listed was or will be profitable. All portfolio holdings are subject to change.

**Subscription Type:** The CPF interest rate for the Ordinary Account is based on the higher of 2.5% per annum or the weightage of 80% of the average 12-month fixed deposit and 20% of the average savings rates published by major local banks. The first \$60,000 of combined CPF accounts earns an extra 1% interest. Only monies in excess of \$20,000 in Ordinary Account can be invested.
