**Investment Strategy**

- The Fund invests at least 70% of its total assets in investment grade corporate fixed income securities issued by companies worldwide. Currency exposure is flexibly managed.
- The Fund may gain direct exposure for no more than 20% of its total assets to onshore bonds distributed in Mainland China in the China Interbank Bond Market via the Foreign Access Regime and/or Bond Connect and/or other means as may be permitted by the relevant regulations from time to time.
- As part of its investment objective the Fund may invest up to 20% in ABS and MBS whether investment grade or not. These may include asset-backed commercial paper, collateralised debt obligations, collateralised mortgage obligations, commercial mortgage-backed securities, credit-linked notes, real estate mortgage investment conduits, residential mortgage-backed securities and synthetic collateralised debt obligations. The underlying assets of the ABS and MBS may include loans, leases or receivables (such as credit card debt, automobile loans and student loans in the case of ABS and commercial and residential mortgages originating from a regulated and authorised financial institution in the case of MBS). The ABS and MBS in which the Fund invests may use leverage to increase return to investors. Certain ABS may be structured by using a derivative such as a credit default swap or a basket of such derivatives to gain exposure to the performance of securities of various issuers without having to invest in the securities directly.
- The Fund’s exposure to contingent convertible bonds is limited to 20% of total assets. The Fund’s exposure to Distressed Securities is limited to 10% of its total assets.
- The Fund may use derivatives for investment purposes and for the purposes of efficient portfolio management.

**Market and Credit Risks**

- **The Fund may be subject to Credit Risk of Issuers**
  - o The Fund may be exposed to the credit/default risk of bonds that it invests in. In the event of bankruptcy or default of an issuer, the Fund may experience losses and incur costs.
